Market Review for 7.6.19

Nifty (11844) we said 'technically now our target of 12191 still stays...as long as our crucial support at 12000 holds' the Nifty unfolded in the green and sold off to close deep in the red...now downside to 11723-11606 is a possibility and stiff resistance exists at 11920-12000...

Nifty Bank (30857) we said 'technically our target of 31750-32000 still stays as long as crucial support at 31280 holds' the Nifty Bank unfolded flat and sold off to trade lower and close deep in the red... now downside to 30539-30155 is a possibility and stiff resistance exists at 31235...
